

Looking for *Economical Ways* to Serve Your Clients- *without Increasing the Workload?*

Order a Mobile Food Pantry!

How Does It Work?

Agencies can now schedule to host a Mobile Food Pantry truck. For **\$600*** (*within 40 miles*) the Food Bank of Eastern Michigan will deliver 8-12 pallets** of assorted product to the hosting agency. All product will be in totes on pallets and delivered in a trailer to the agency's site of choice and unloaded. The pallets and empty totes will be picked-up by the Food Bank within a few days.

How to Organize a Mobile Food Pantry...

1. Find a location for distribution. This may be the parking lot of your agency, a school, or other easily accessible location within the community. Make sure you have permission first!
2. Schedule a day and time for delivery with the Food Bank.
3. Announce the time of distribution to your clients and others in the neighborhood who are in need.
4. On the day of distribution, have volunteers on-site to help distribute food and record who received it.
5. After all food from the trailer is distributed, dispose of all trash and stack pallets, unused boxes and totes.
6. The Food Bank will pick it all up within a few days.

*Additional charge for deliveries longer than 40 miles away.

** Larger trucks are available.
